August 28, 2007

Dear Alumna, dear Alumnus,

Our next luncheon will take place on Wednesday, **September 26**, from noon until 2 pm, at the Hotel Métropole, Geneva, and our guest will be

**Dr. Vincent Mutel**  
**CEO and Founder of Addex Pharmaceuticals**

Dr. Vincent Mutel is one of the most successful entrepreneurs in today's biotech world. Under his stewardship, Addex Pharmaceuticals has grown from a four people start-up in 2001 into a publicly traded company with products in clinical development. Dr. Mutel will be sharing some of the insights he developed on Addex's path to success.

This luncheon is a joint event of the alumni associations of the Universities and business schools of Chicago, Harvard, HSG, IMD, INSEAD, London Business School, Stanford and Wharton, as well as of the HBS Health Industry Alumni Association.

The cost will be CHF 65 per person (payment at the door) including cocktails and a three course menu. In order to ensure smooth organization, please register (incl. your guests) **no later than September 21** with Dominique Burry at Lenz & Staehelin via e-mail [dominique.burry@lenzstaehelin.com](mailto:dominique.burry@lenzstaehelin.com) (or by phone +22 318 74 55 or fax +22 318 71 26). Please note that late cancellations and no shows will be fully charged.

I look forward to meeting you on September 26.

Sincerely yours,

Stefan Eberhard  
President Harvard Club Geneva Chapter

Jesus Martin-Garcia  
HBS Health Industry Alumni Association
